

WALL MOUNTED HOOD WITH FILTERS (EXHAUST + AIR JET) (HPPD)

Standard Features:
Air jet system increases capture efficiency
High efficiency cyclonic grease filters 500 x 430 mm
Grease outlet valve (internal thread G1/4)
Pressure port for fine-tuning extraction flow rate

Additional Features:
Recessed LED luminaire
Plastic fluorescent luminaire
Exhaust adjustment damper
Air jet adjustment damper
Removable grease tray
Cover panels
Connection for multiple hood assembly
Light switch
Integrated exhaust fan
Integrated air jet fan
